

06/02/2026:
SUPERHERO
MANDROID
AND THE
ASTRAL THREAD

LEON'S
GHOST-GREEN
ROBOTICS LAB

**NIGHTMARE
PORTALS**

THREATS FROM
BEYOND THE STORYVERSE!

The game
gave me powers.

The dream
wanted a story.

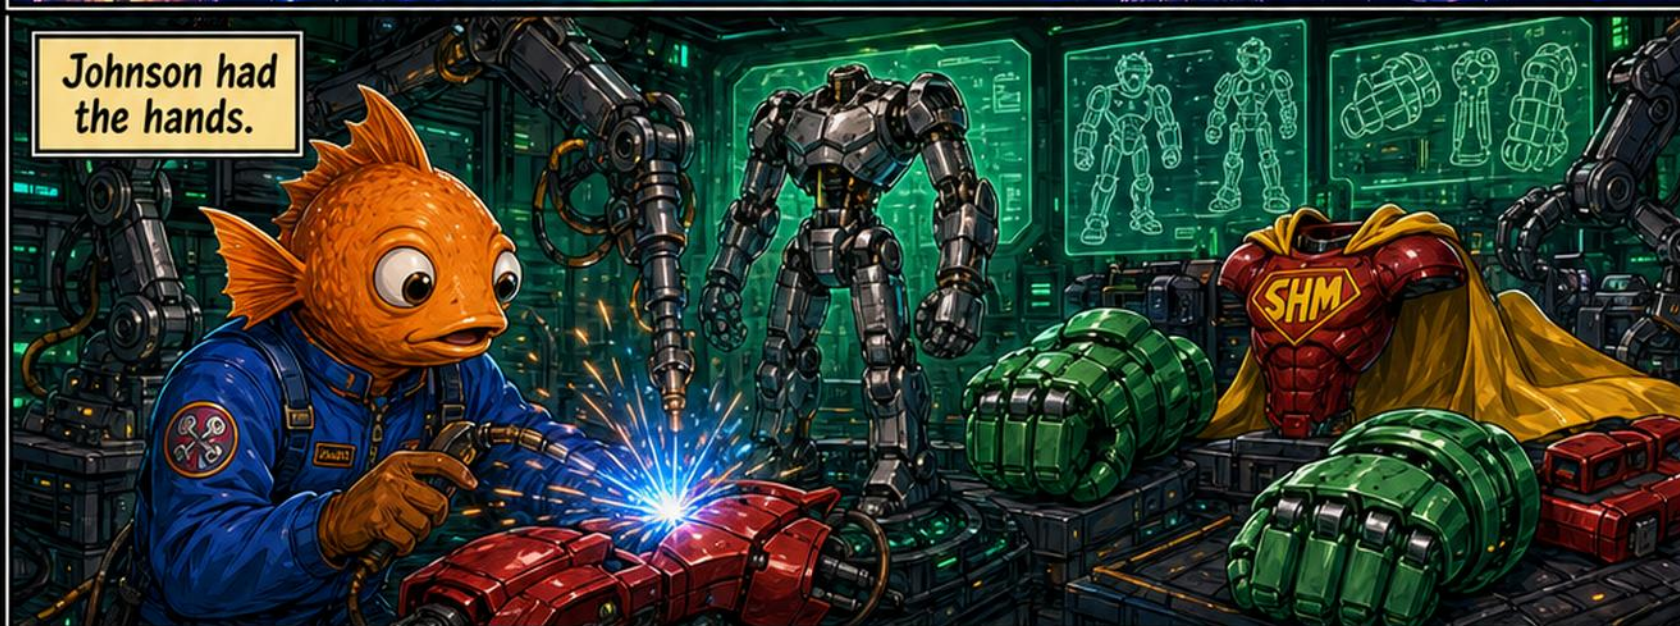

So I brought
the idea to Johnson.

Leon had
the lab.

Johnson had
the hands.

I gave the
mission shape.

Superhero
Mandroid
woke up.

He could shield.

He could punch.

But a protector
needed more than force.

Nightmare portals
had to be sewn shut.

The lab shelves
came up empty.

Astral thread
lived elsewhere.

Past the
bubble worlds.

In the keeping
of a witch.

Her whisper
slipped under
my skin.

Johnson
heard it too.

We would never
claim the thread.

Mandroid
did not blink.

The source
was obvious.

One rocket fist
was enough.

The spell broke
with the crystal.

The witch surrendered
the thread.

Johnson loaded
the astral thread.

A shield for
dreamers.

A fist for
nightmares.

A story for
the power.
