

05/21/2026:

POP AND THE HERO BADGE

*Sleep paralysis
opened the door.*

*Lucidity carried me
back into the Storyverse.*

*This time,
I traveled alone.*

The planet
was purple, rocky,
and cratered.

Then I
met Pop.

A pot-bellied
imp in neon
green shorts.

He wanted an
adventure
immediately.

I kept asking
myself what Pop was.

His body would
not stay in one shape.

Reality bent
around him like
a cartoon.

He felt more real
than the dreamer.

Pop got
tired of waiting.

The crater planet
became a superhero planet.

Adventure
chose for me.

Inside the
Hero Station,
the rules arrived
first.

Every hero
needed a
Hero Badge.

I had none.

So they prepared
to arrest me.

Then Pop solved
the problem
his way.

He became
the badge.

The heroes
changed
their tune.

Now I was
interesting.

They asked
who I was.

They asked
what my
powers were.

I tried to explain
lucid dreaming.

Then the
4:30 AM alarm
ended the
interview.
