The Shepherd of Sleep

Sleep paralysis
opened the door.

Lucidity carried me
into the Storyverse.

I flew alone,
searching for
Captain Dream.

BEFORE SLEEP,
HE WAS ONLY
A ROUGH IDEA.

POWER ARMOR
MADE OF
LUCID LIGHT.

NEON WHITE
TRIM. A
SUPERHERO
SHAPE.

BUT THE DREAM
HAD ANOTHER ANSWER.

The land was
an island made
of clouds.

Temples rose
from vapor.

Pastures held
the sheep people
count to sleep.

And their keeper
was no superhero.

He was
the Shepherd
of Sleep.

He could cross
dream worlds.

He did not call
himself
Captain Dream.

Then the
nightmares
found the flock.

Pink and black
wolves rolled in
like storms.

Lightning cracked
through their jaws.

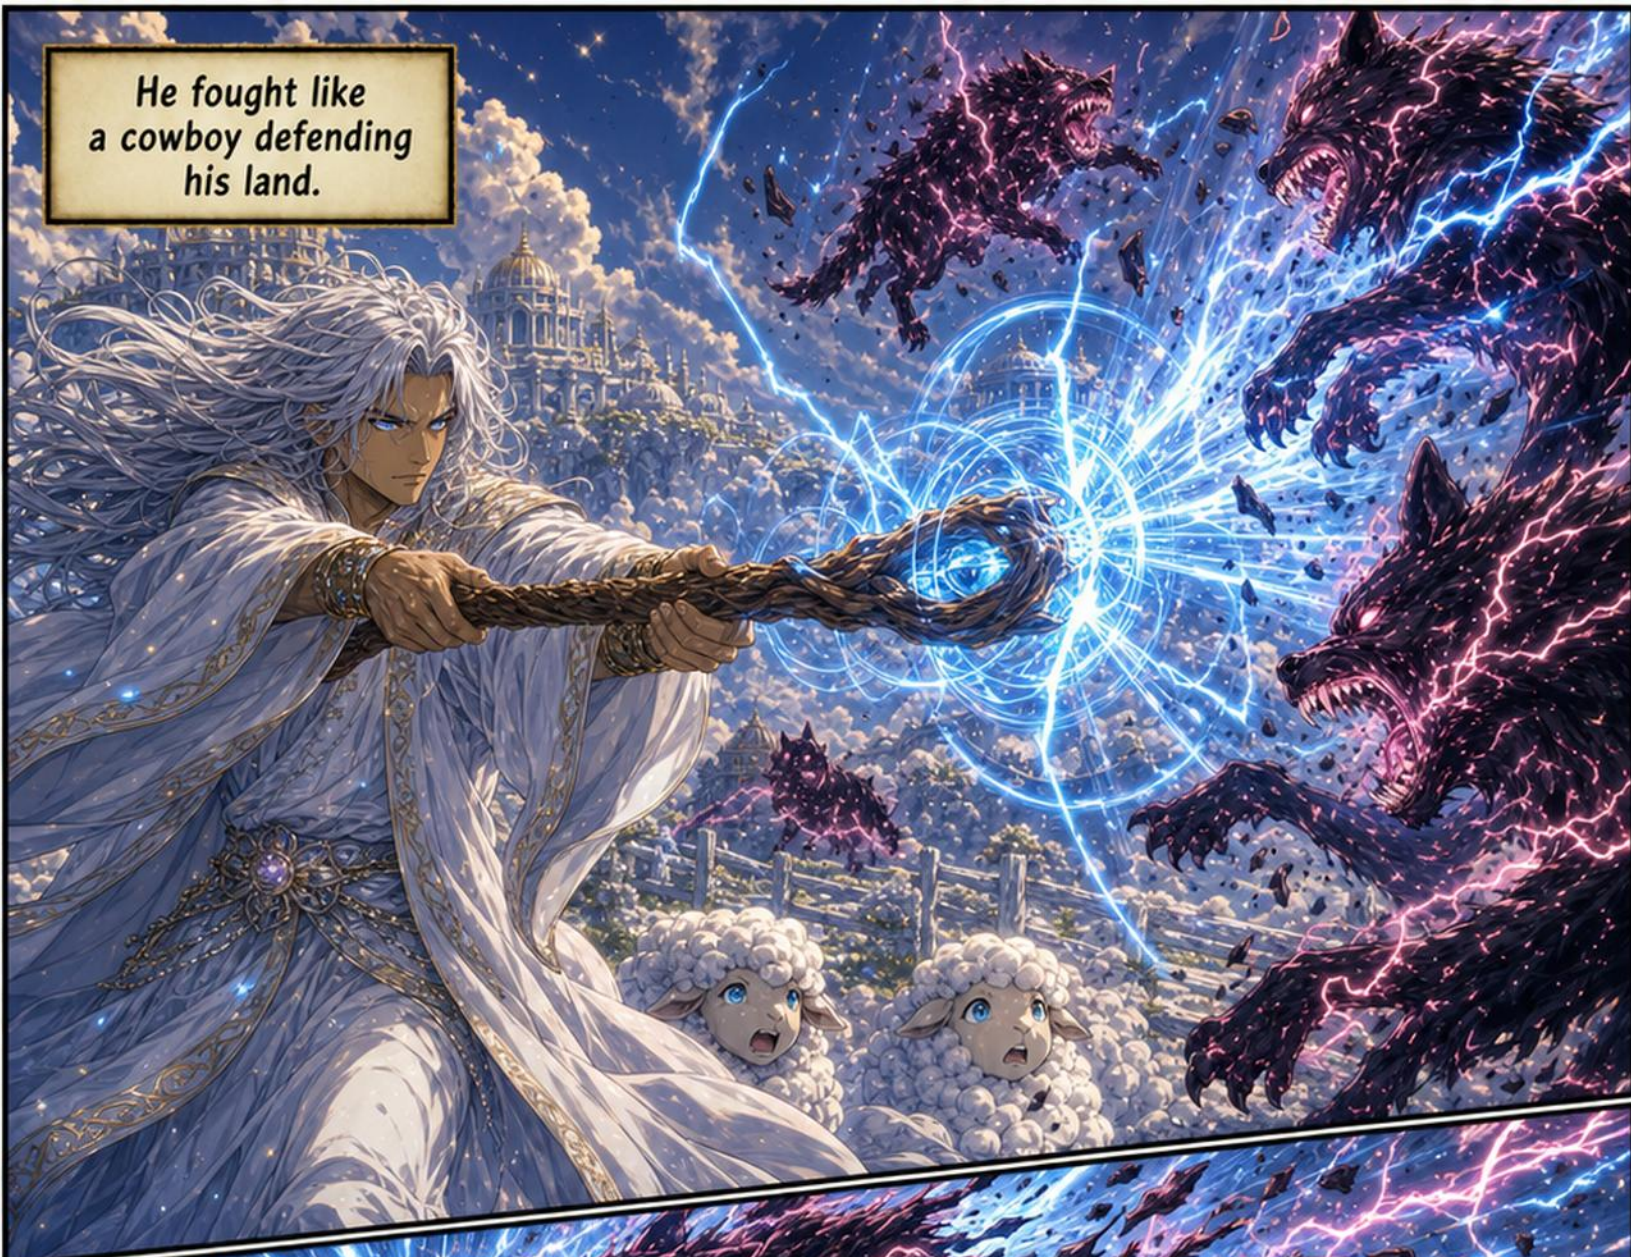

The sheep scattered
in panic.

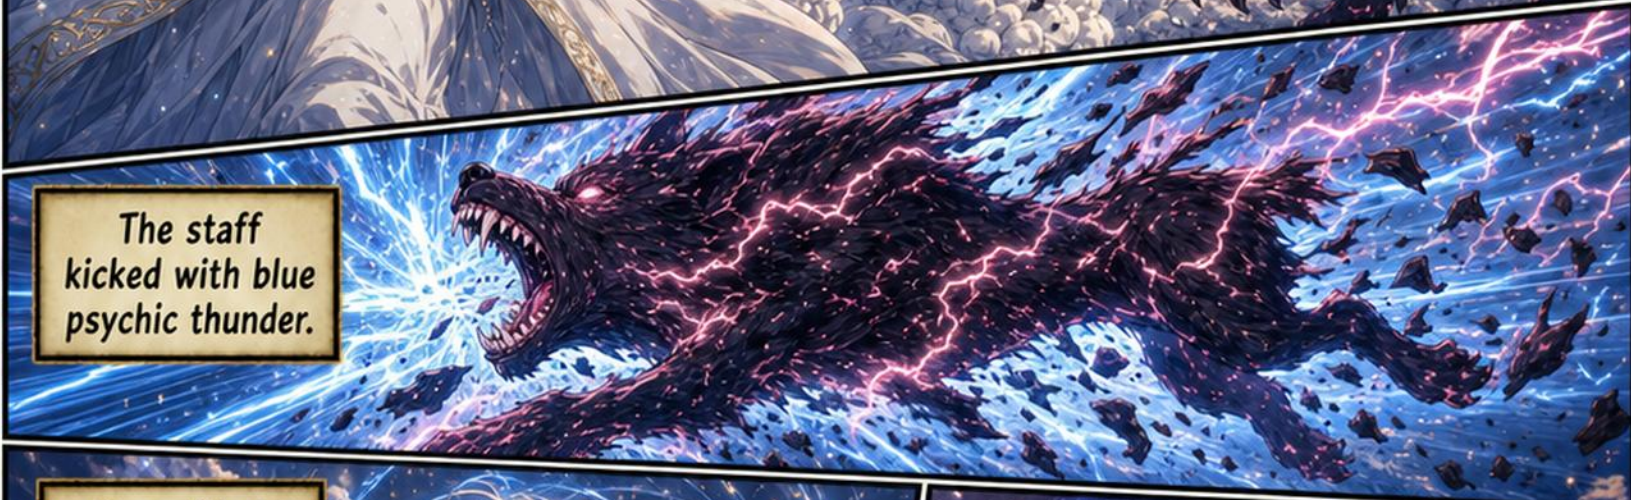

The Shepherd
did not flinch.

He fought like
a cowboy defending
his land.

The staff
kicked with blue
psychic thunder.

Every blast
drove the
nightmare back.

Fear never
touched his
face.

The wolves broke
against his light.

The cloud
sheep settled.

My rough idea
stood complete.

The dream had found
his ultimate form.
