KNIGHTMARES AND REJUTSU

Sleep paralysis
opened the door.

I chose the arena
before the dream
chose me.

The Knightmares
were already waiting.

The pattern had followed me for days.

Faceless helms.
Identical armor.

Mindless grunts.

Exactly what I
wanted to fight.

No magical attacks.

Only fists.

Metal punished every mistake.

I kept swinging anyway.

My sword did
not strike them.

It healed me.

Every repair
came back
stronger.

Pain became
training.

The next
punch dented
steel.

The next
cracked it.

The next
broke through.

The armor
learned fear
too late.

Fist.

Heal.

Fist.

Heal.

Stronger.

Stronger.

The suits
were empty.

They clattered
apart.

I named them
Knightmares.

I named
the art
Rejutsu.
