

06/18/2026:

THE FALSE

AWAKENING HEIST

*Sleep
paralysis
opened the
lucid gate.*

*The first world
was pure adventure.*

*I flew beside
another version
of myself.*

Eye-Grip hunted by sight.

His eyes threw
orange hands
through the trees.

The bird scattered
gold like feathers.

Then I woke up
inside the dream.

I was tired, distraught,
and trapped by an assignment.

A song held the answer.

Telepathy told me the truth:
I was dreaming.

THE NEXT
AWAKENING BECAME
THE ASSIGNMENT.

TEAMS IN POWER ARMOR
FOUGHT FOR GOLDEN TREASURE.

AI ASSISTANTS GUIDED
EVERY MOVE.

I WON ONLY
A SMALL PIECE.

**The instructor
said every team failed.**

**The treasure was
not the real test.**

**Every subjective
involved talking
to animals.**

**The song had been
pointing there
all along.**

I begged the
council for my
AI assistant.

They refused.

Rage answered
before wisdom could.

After the ninjas fell,
despair found me.

A third awakening
dropped me in
a strange city.

A telepathic woman
sparked lucidity again.

The dream
became a
black void.

I ran toward waking,
afraid I had overslept.

Real morning
was early:
around 4:00 AM.
