

06/20/2026:
HONEYLAVA
JUNGLE

Sleep paralysis
became the doorway.

Lucidity sparked awake.

The Storyverse opened
into a jungle of
fallen Were-Bees.

AHEAD,
THE VOLCANO
SPLIT OPEN.

MOLTEN HONEY
SWALLOWED THE
BEE VILLAGE.

THE NEXT WAVE
WAS COMING
FOR US.

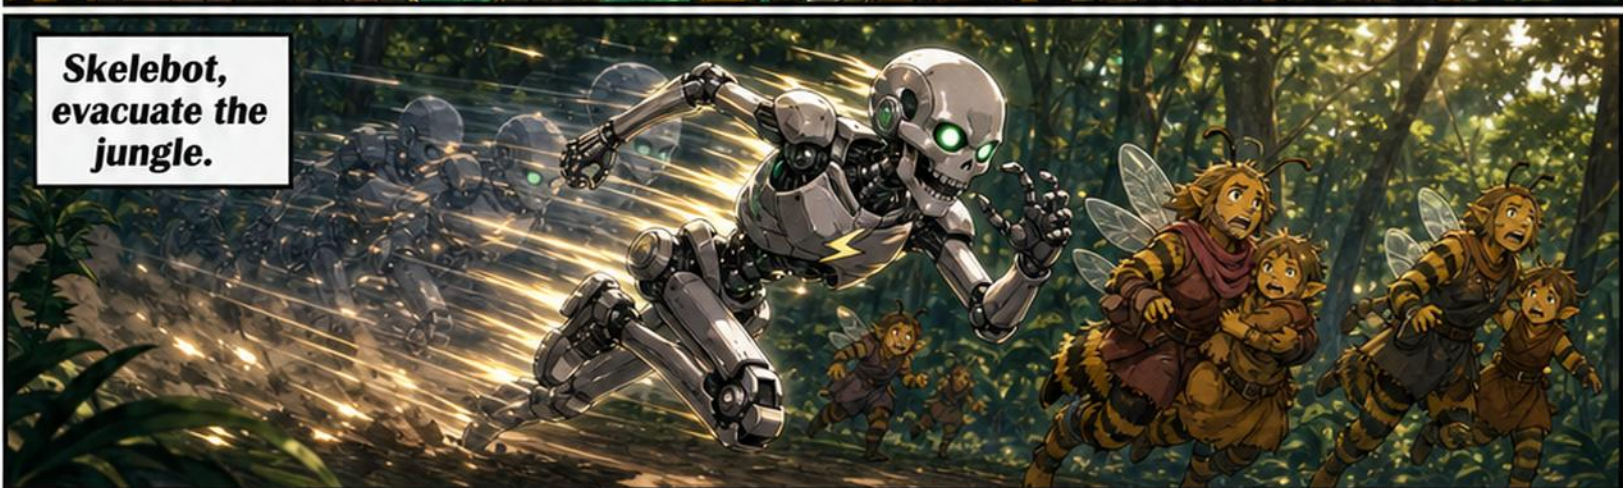

I called
my team.

Leon, lift the
ones closest to
the wave.

Skelebot,
evacuate the
jungle.

Every second
mattered.

THE WAVE
REACHED ME FIRST.

AEGIS.

GOLDEN TURTLE-SHELL
LIGHT MET SCORCHING HONEY.

BUT I COULD NOT
HOLD FOREVER.

Leon carried the stranded upward.

Skelebot turned panic into motion.

The shield kept shrinking.

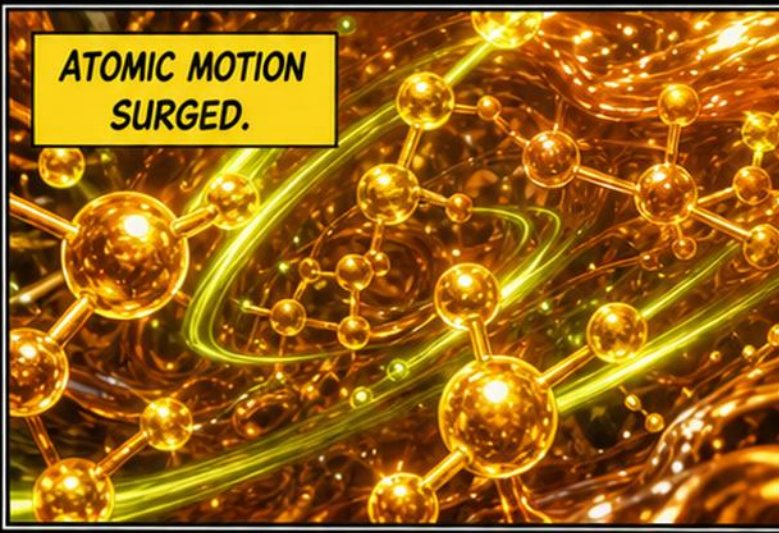

I needed the wave itself to change.

Overdrive stepped forward.

ATOMIC MOTION
SURGED.

HEAT CLIMBED
PAST CATASTROPHE.

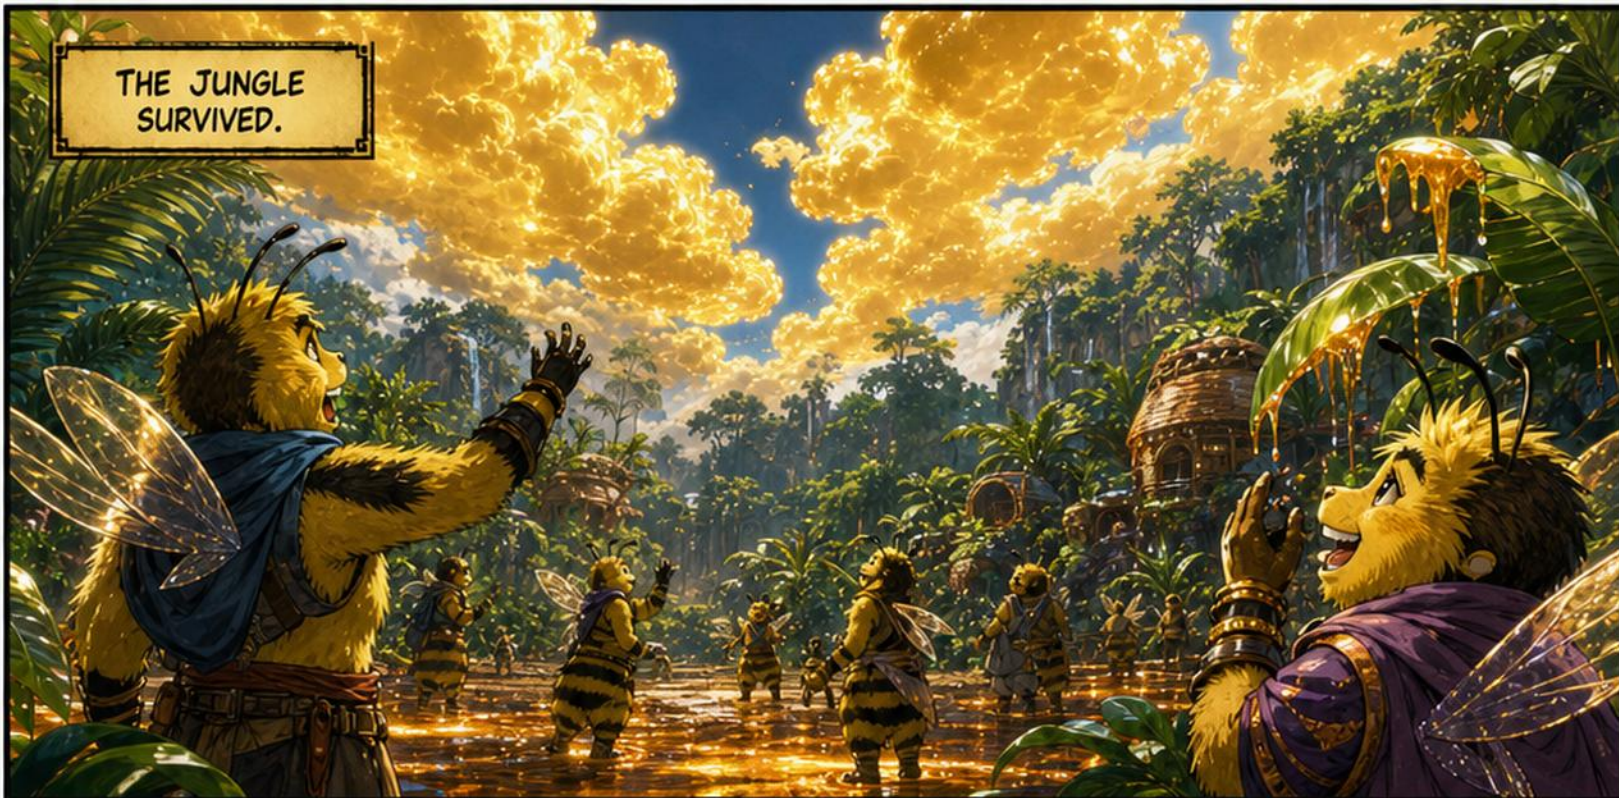

OVERDRIVE REACHED
INTO THE HONEY'S MATTER.

THE WAVE
BECAME CLOUD.

THE JUNGLE
SURVIVED.

THE WERE-BEES
CAME HOME TO
THE LIVING.

QUICK THINKING
SAVED WHAT THE
LAVA ALMOST TOOK.

IN THE STORYVERSE,
TEAMWORK WAS ITS
OWN KIND OF LUCIDITY.
