

05/25/2026:

SWORD OF LIFE SWAMP

A lucid dream
in the Storyverse.

Sleep paralysis
opened the door.

The Storyverse
waited beyond waking.

A plant hero spirit
guided me onward.

We arrived in
a magical sword shop.

The cyborg
scanned my blade.

He named it
the Sword of Life.

Then he asked about
the Death Sword.

I knew where
the Death Sword was.

He wanted
both powers.

His arm became
a cannon.

I refused.

The blast came
for my face.

The spirit bonded
with me.

Bark took the hit.

Life did not break.

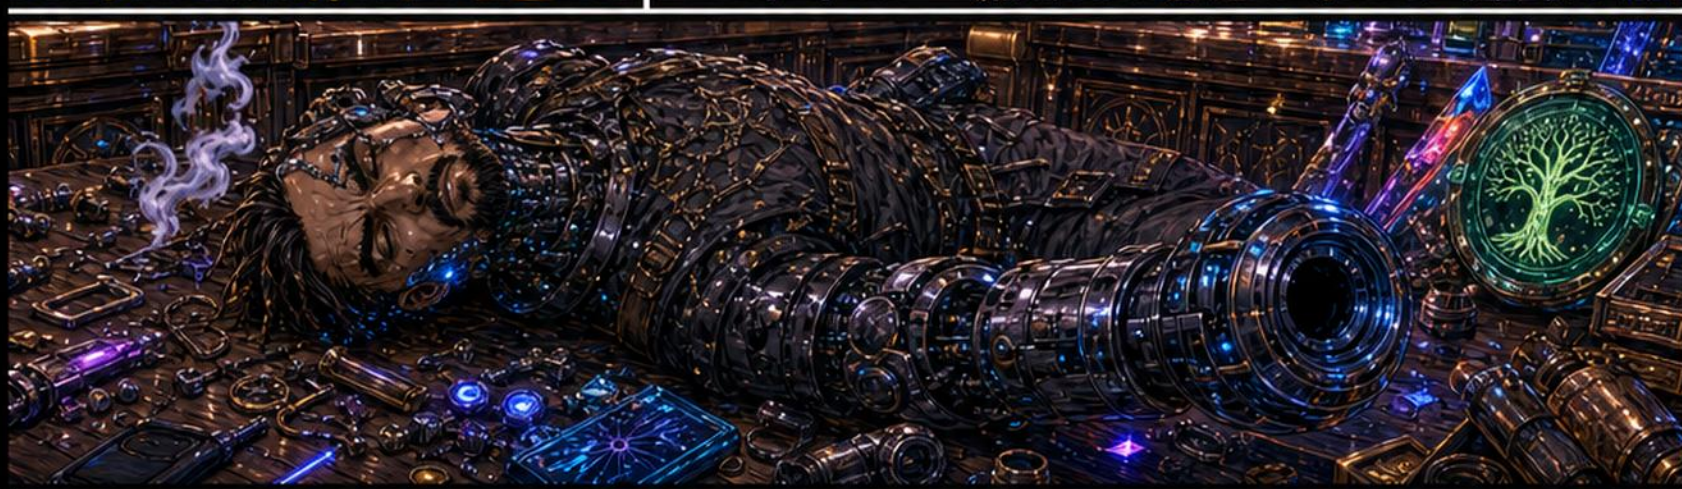

I crossed
the counter.

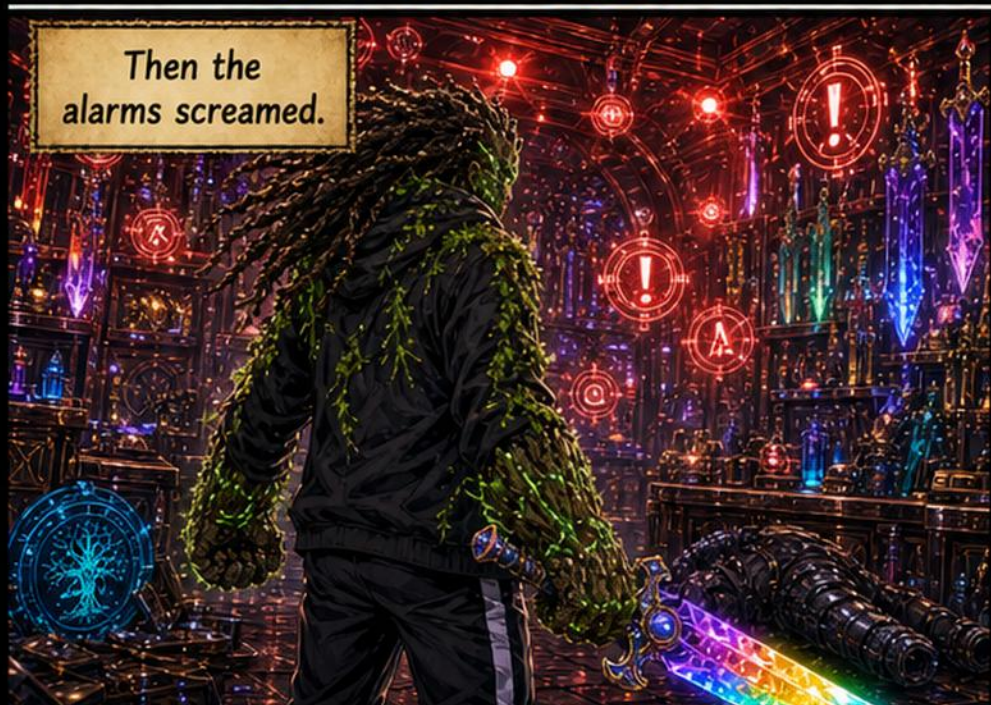

Bark covered
my fists.

One punch
ended the deal.

Then the
alarms screamed.

Robot knights
came to arrest me.

Their eyes
fired judgment.

My sword
sent it back.

I ran until the world
became swamp.

Whittmore spoke
to the plant spirit.

She lied to the
alien rulers for us.

The robots
turned away.

Then the 6 AM
alarm pulled me home.
