

06/06/2026:
IDEA SPACE PARALYSIS

I induced
lucidity through
sleep paralysis.

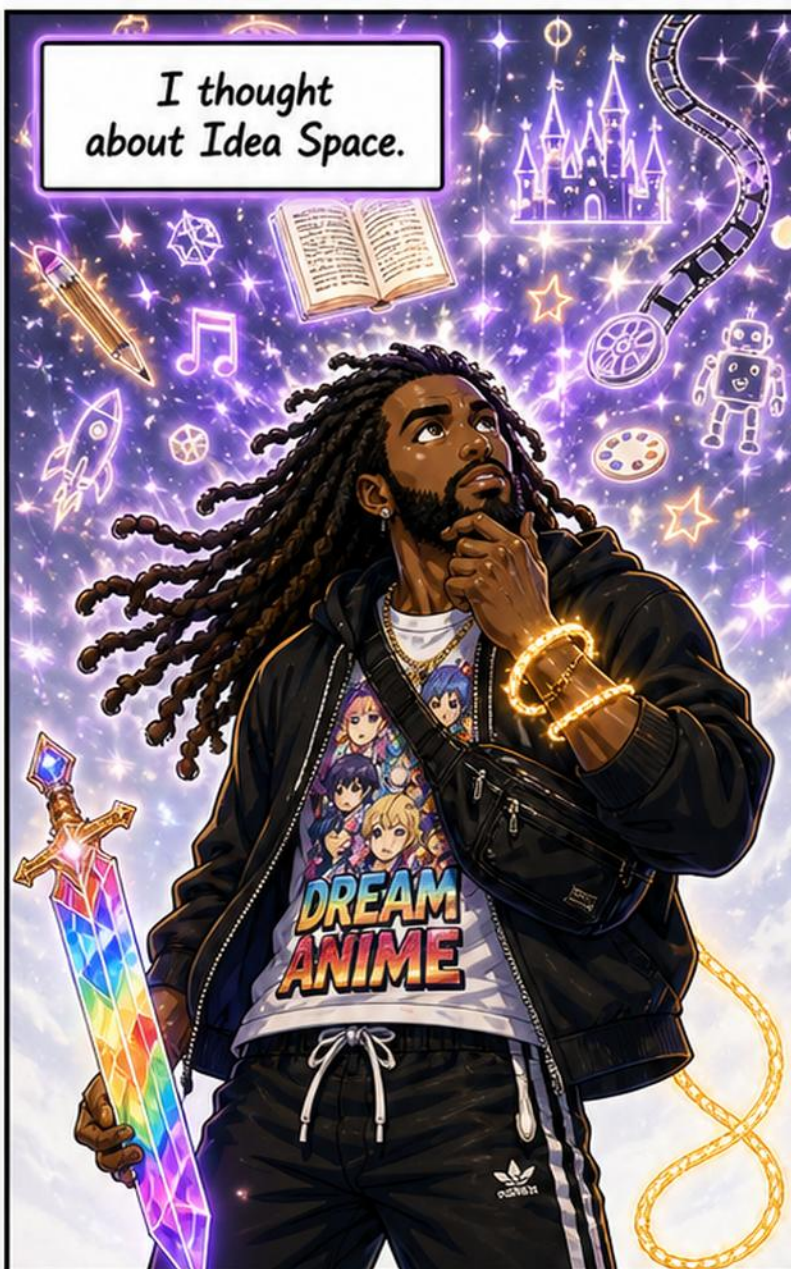

When the dream
opened, I was
alone.

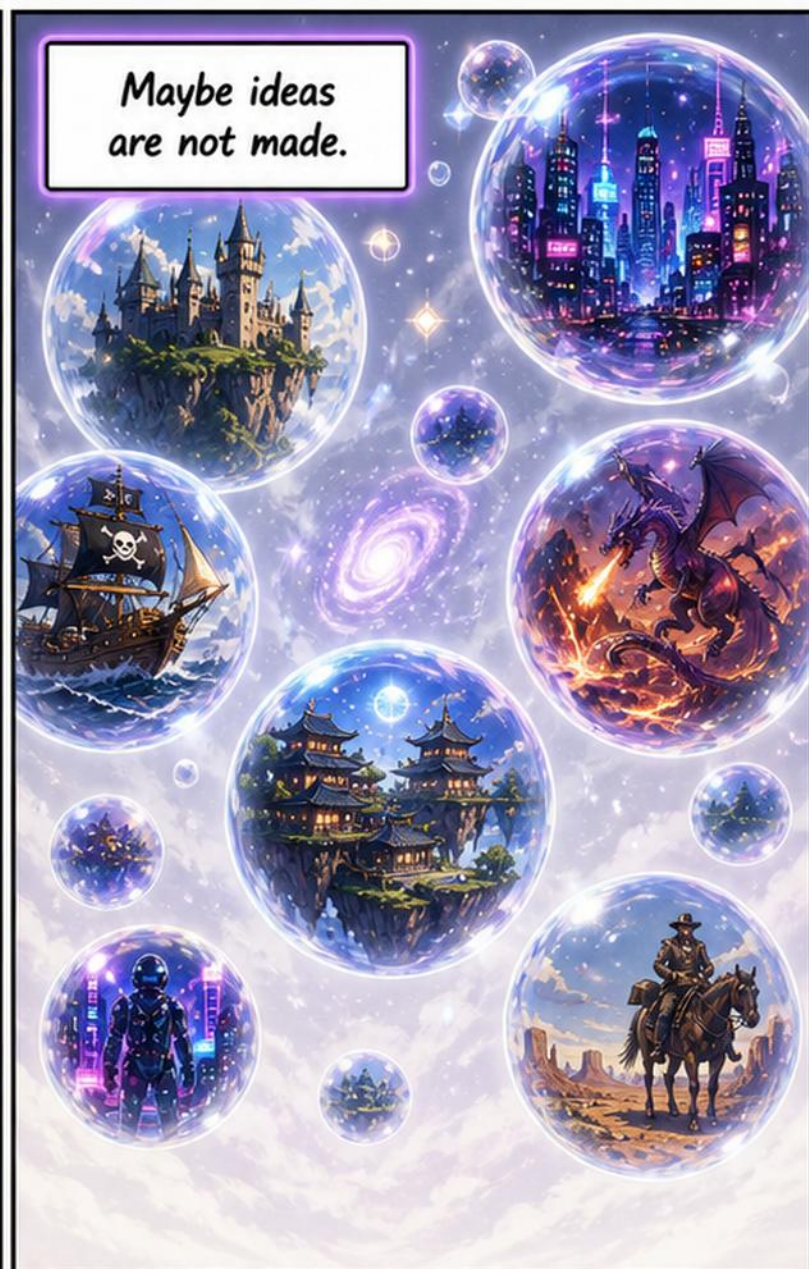

Only a white void
answered me.

I thought
about Idea Space.

Maybe ideas
are not made.

Maybe they
are found.

Maybe the mind
is a doorway.

THEN THE DOORWAY
BECAME A STAIRCASE.

EVERY STEP WAS
A GIANT CARD.

KINGS, JACKS,
NUMBERS, ACES.

AND ONE QUEEN.

The Queen was the only confirmed female card.

Card games match suits, ranks, colors.

But never the gender of the card.

I had never noticed.

The thought made the staircase jump.

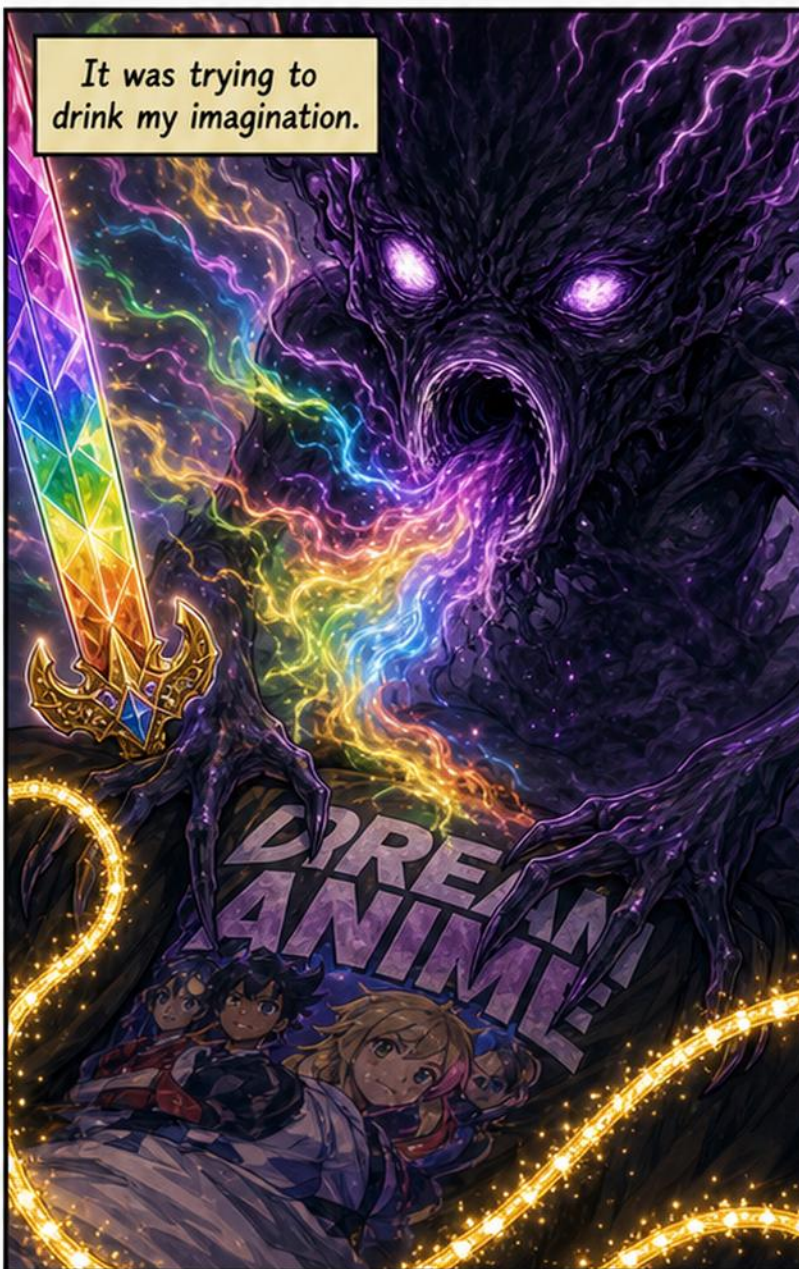

At the top,
two truths arrived
together.

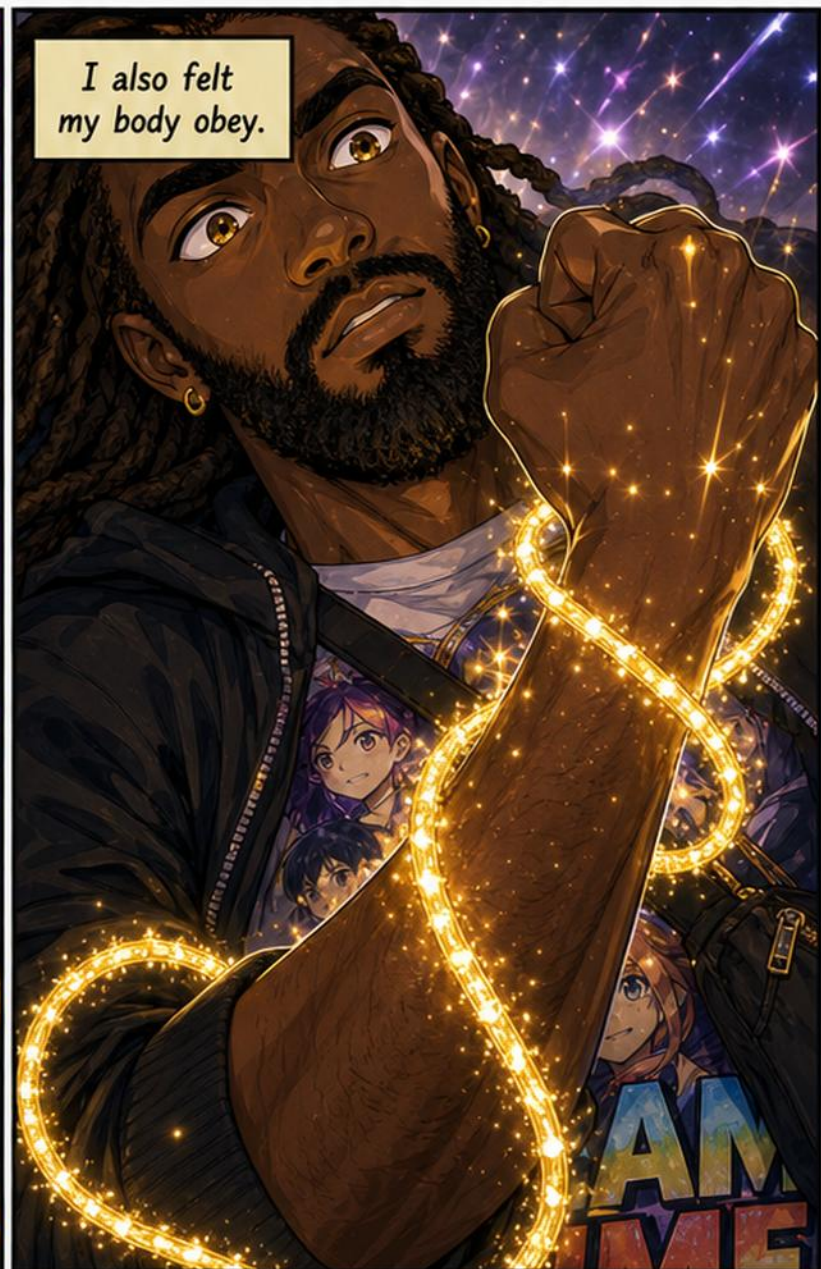

I saw the demon
on my chest.

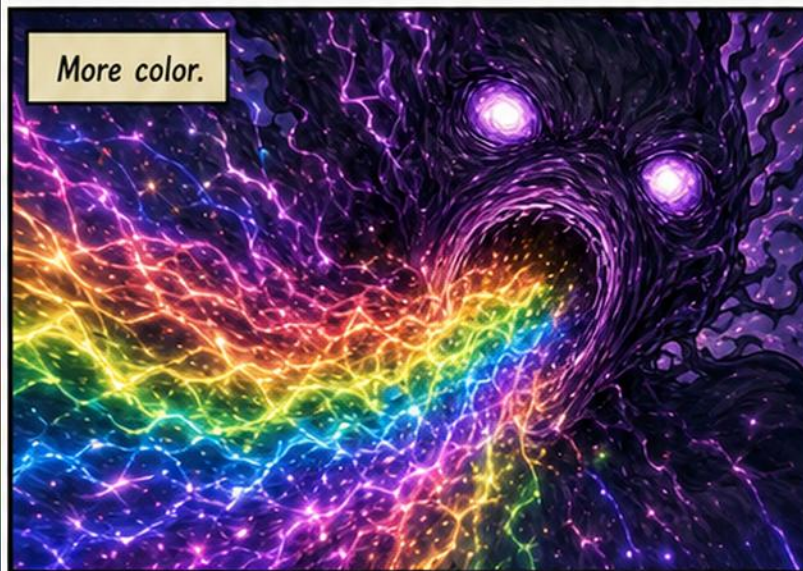

It was trying to
drink my imagination.

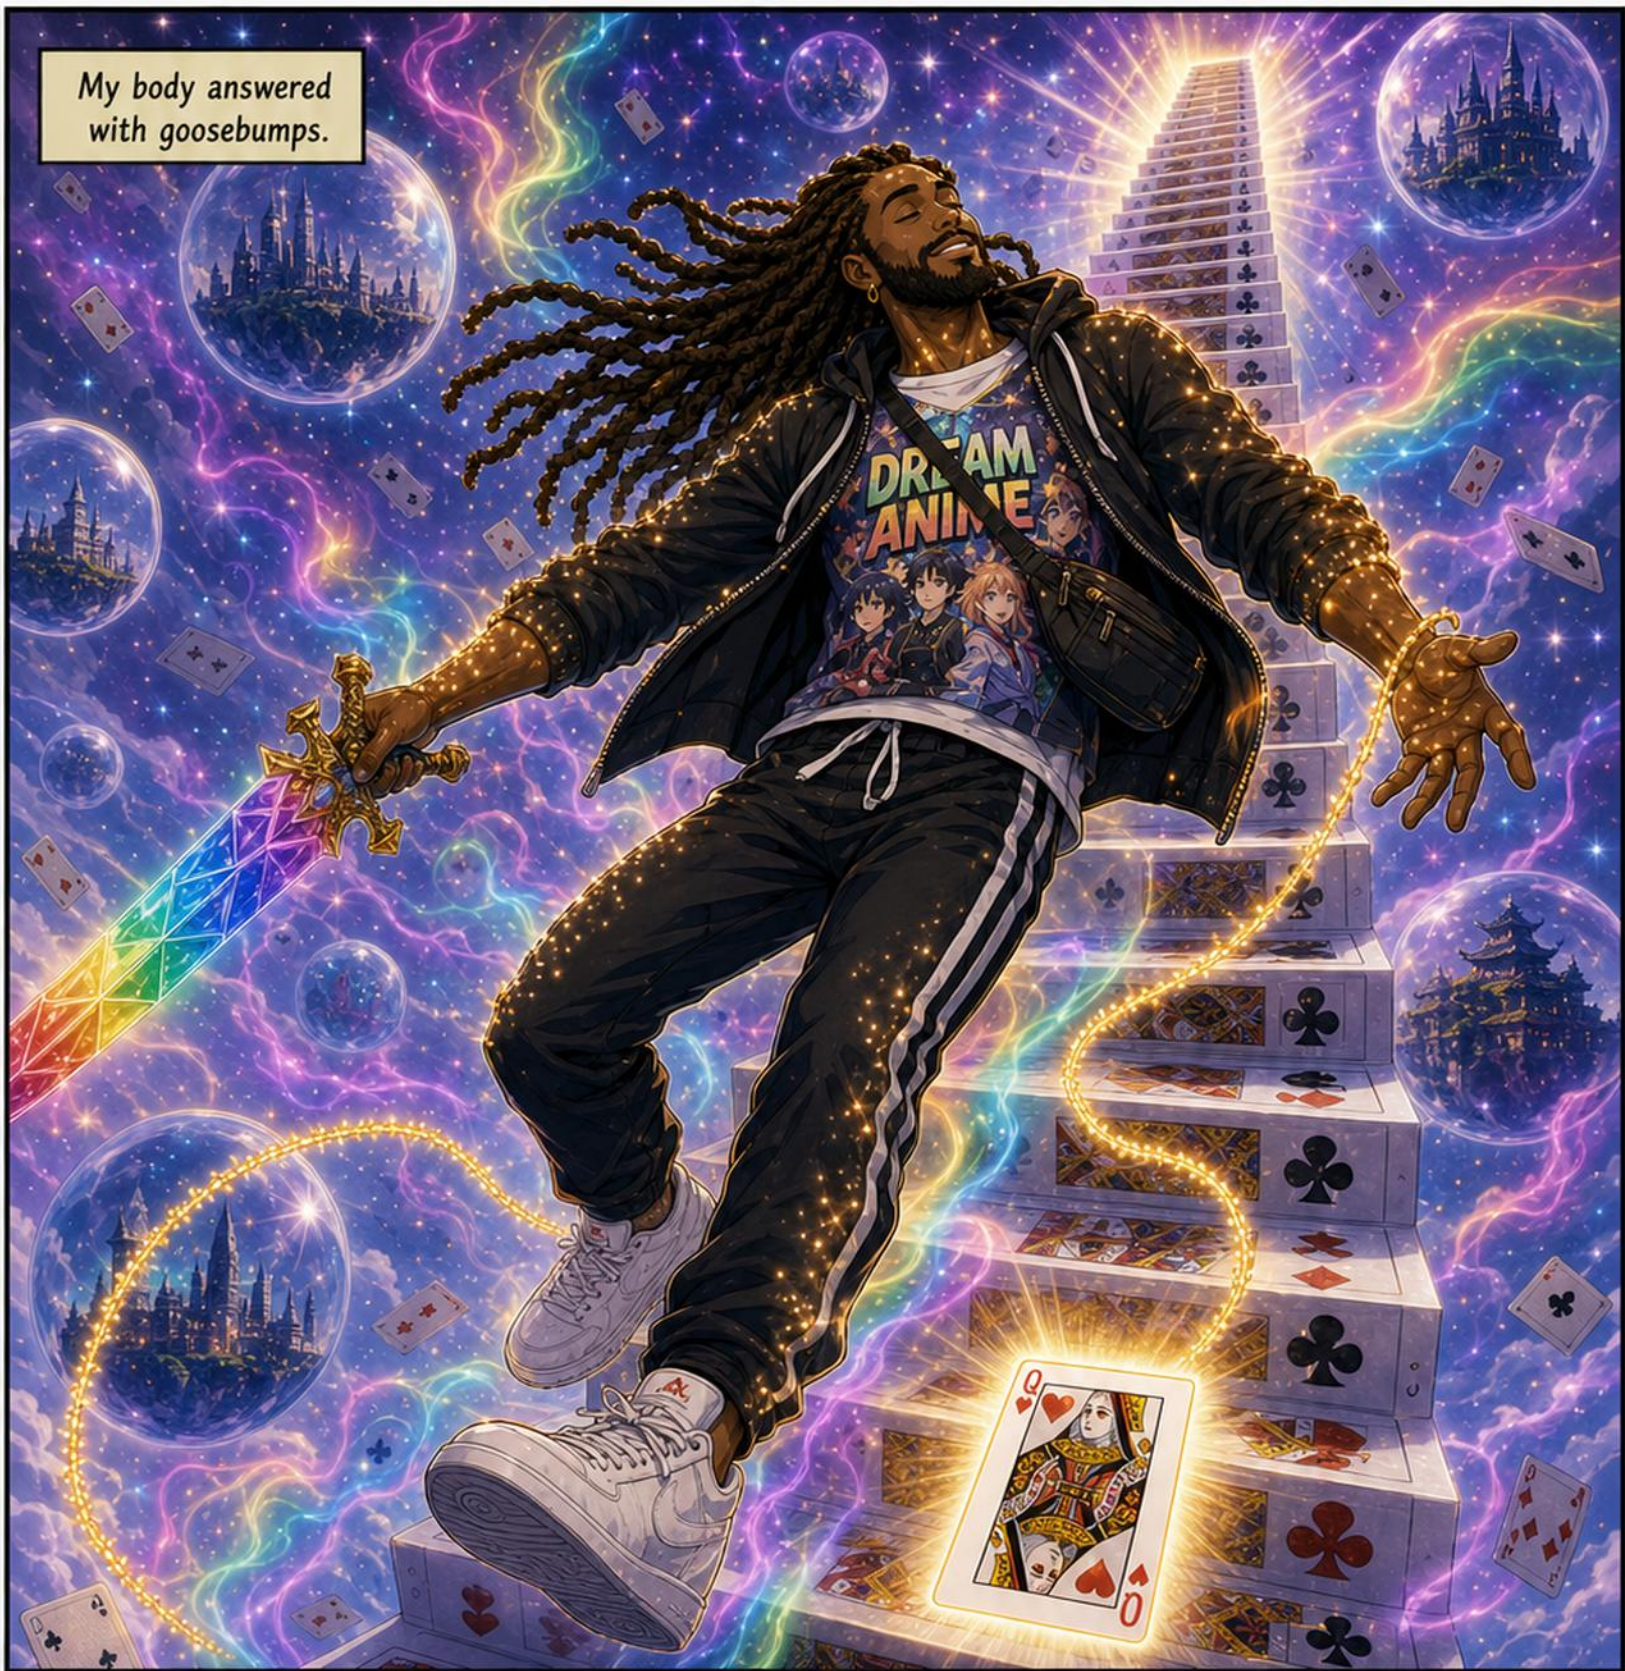

I also felt
my body obey.

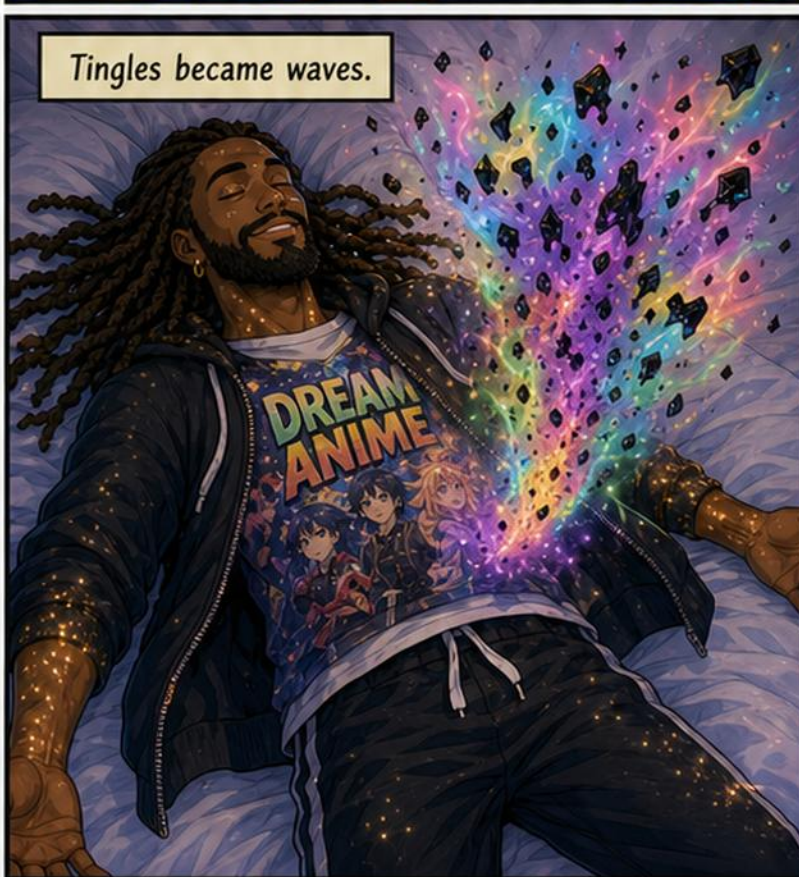

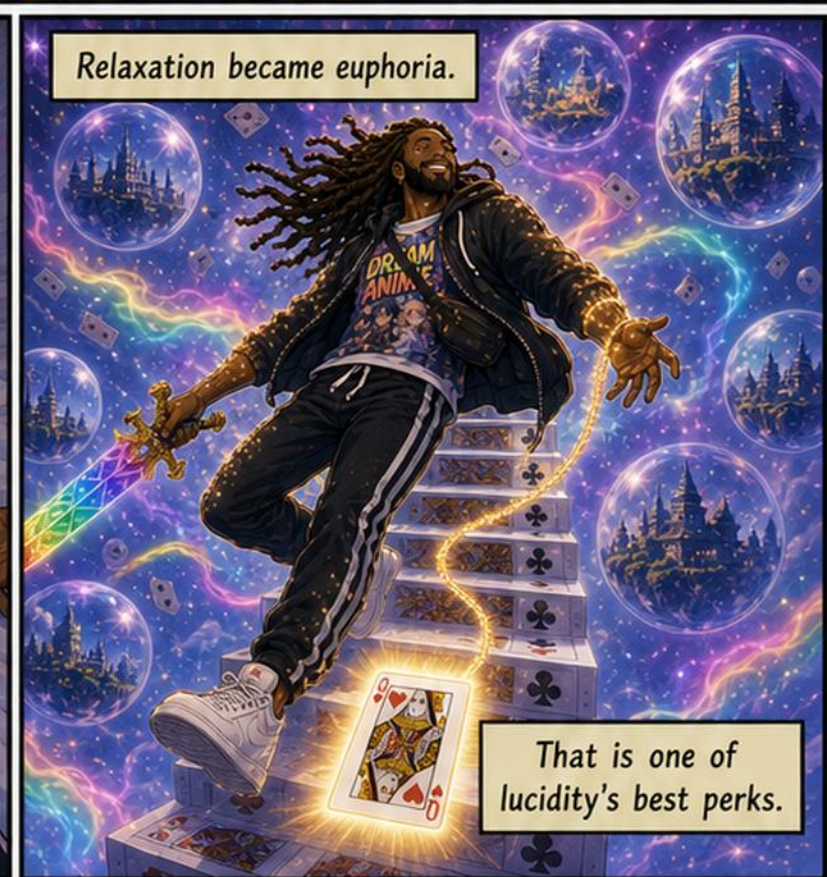

My body answered
with goosebumps.

Tingles became waves.

Relaxation became euphoria.

That is one of
lucidity's best perks.
